

Z908 Economy Wax

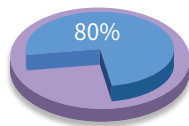

Product features >>

Z908 is an economy wax designed to deliver cost-effective thermal transfer printing without compromising consistency. Ideal for high-volume barcode and tag applications, it performs reliably on a broad range of paper materials, offering strong image contrast and stable print quality at print speeds up to 8ips. With low energy requirements and compatibility across all major flat-head printers, Z908 is a practical choice for users seeking affordable, everyday printing performance with dependable results.

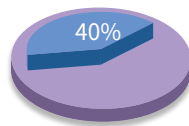

Recommended substrates >>

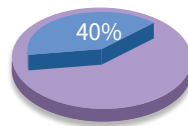

Coated Papers

Vellum
